ABOUT ME

Junior QA Engineer with experience in software testing and knowledge of testing methodologies. Trained in using issue trackers such as Jira and Trello and experience with various other tools. Striving to learn new things both in the professional field and beyond, result-oriented, stress-resistant, patient.
"If you don't take a step forward, you automatically take one back" - my motto.

CORE SKILLS

Testing	Theory, test design techniques
Documentation	Test cases, checklists, bug reports
Network	Client-server architecture, HTTP(S), API, JSON, XML
Tools	Chrome DevTools, Postman, Charles, SoapUI, Linux, GIT, TestRail, Playwright
Issue trackers	Jira, Trello
Methodologies	Agile, Scrum, Kanban, Waterfall
Databases	SQL(MySQL), NoSQL
Web	HTML, CSS
Programming Languages	Ruby(RoR), JavaScript, C#(Unity Development)

EXPERIENCE

Stepik, Software Testing Course   Saint-Petersburg, Russia
Student   2023 - 2024
The course is for beginners and it included topics in such areas, as: testing theory, test design techniques, test documentation, testing web applications, mobile applications, etc. During the course I completed the following tasks:
- Developed and executed test cases, using various test design techniques
- Identified, recorded, and tracked defects using JIRA, ensuring clear documentation and communication
- Successfully identified and reported over 50 defects, contributing to improved software quality (as a freelancer)

Independent developer   2020-2021
Self-taught backend developer on Ruby on Rails and Unity initiative
- Made a DnD app to store progress and characters (RoR, Redis, Active Record)
- Created several isometric levels and 2d platformers with Unity Engine

EDUCATION

- Software testing from scratch. Theory + Practice (3-months course by Stepik) - 2024
Self-education:
- A Practitioner's Guide to Software Test Design (by Lee Copeland)
- Software Testing (by Svyatoslav Kulikov)
- The Art of Software Testing (by Glenford Myers)
- Testing dot com (by Roman Savin)
- SUAI (State University of Aerospace Instrumentation) - Information security, 2013 - 2015

Languages: English (Upper-Intermediate, B2), Russian (Native)
